

# Christ Church

Selkirk, Manitoba, CANADA

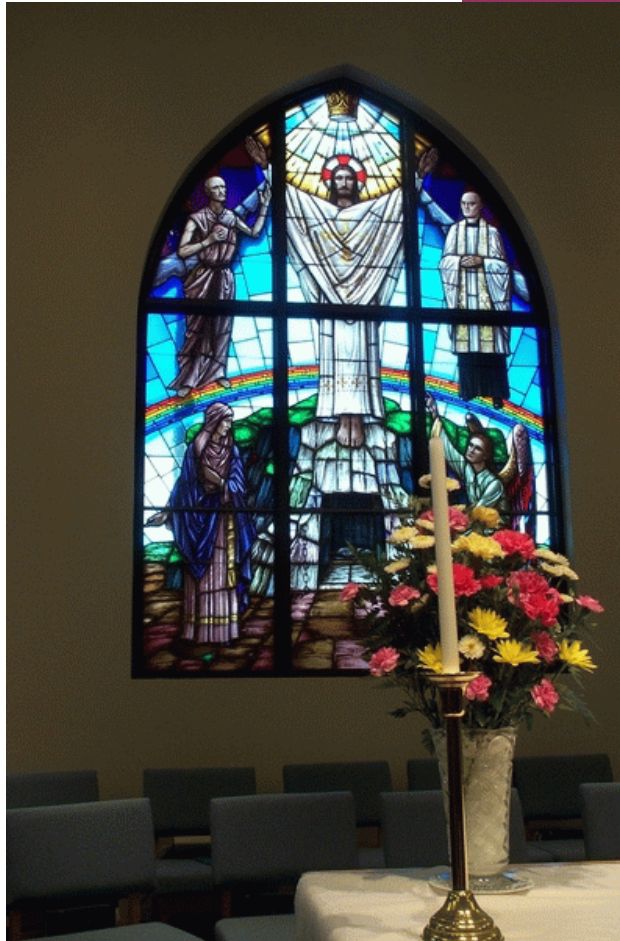

## THE PROJECT

A 100 year old Anglican church, which was experiencing structural default and generally not meeting the requirement of code including handicapped access.

## THE TASK

To determine the practicality of restoring old church to build new. The decision was taken to build a new church. MKT was responsible for budget , coordinating design, negotiating construction and achieving city approval. MKT provided remote Project Management advice throughout construction.

## THE RESULT

The church opened in April 2001 and was completed within the overall construction and design budget guidelines. MKT continues to advise on warranty and deficiency issues.
